The Multiyear Projection (MYP) reflects revenues and expenditures as of the last Board approved budget at Second Interim on 03/11/2014. The total revenues reflect the new Local Control Funding Formula (LCFF) classification. Adjustments to the MYP will be reflected in the 2014/15 budget which will include an increase in ongoing revenue as a result of higher ADA. The 2nd Interim MYP also reflected an additional 32 teachers. As a result of this agreement, only 15 teachers will be added in 2014/15.

#### Clarification of Elementary PLC Procedures and Protocols Elementary Weekly Early Release Reinstatement Agreement May 2014

Professional Learning Communities (PLC) have been an integral part of the teaching and learning environment in PYLUSD for the past nine years. Teachers work collaboratively to create common assessments, analyze results, adjust instructional practices, share best practice, participate in staff development and prepare to implement Common Core State Standards (CCSS). A commitment to release time for teacher collaboration continues to be a valuable component of professional development.

## In the 2007-2008 school year, PYLUSD and APLE jointly agreed on the importance and structure of PLCs. The purpose of this memo is to further clarify the goals and vision of our Professional Learning Communities as we shift to a new model.

The critical question in a PLC is not *do we collaborate?* but rather, *What do we collaborate about?* Effective PLCs are structures in which teachers collaborate to do the real work of education. This collaboration could include:

- Thinking together about student tasks the work we are asking kids to do and the implications for learning.
- Exploring the standards, and how they relate to the current curriculum and instructional strategies.
- Studying new summative assessments to understand what kinds of work our students need to be doing.
- Identifying, trying out, and refining an expanded repertoire of instructional strategies that bring greater rigor and variety to teaching and learning.
- Designing or re-designing curriculum units to better align with the CCSS, respond to intervention, and differentiate according to student need.
- Reviewing current and/or new formative assessments to understand how they do or don't align with the new standards.
- Creating clarity around the definitions of the 5 Cs (Communication, Collaboration, Critical Thinking, Creativity and Digital Citizenship) and how they apply to classroom strategies in support of the different content areas.
- Sharing ideas about how to leverage technology and 21<sup>st</sup> century tools in the classroom.

Embedded in each PLC meeting are the basic questions: What is it we want all students to learn? How will we know when they know it? How will we respond when they don't learn or already know it?

The District and APLE believe in the power of teacher collaboration. <u>To that end, weekly</u> <u>elementary PLC time is being reinstated within their school day according to previous PLC</u> <u>weekly schedule.</u> As a result, we agree to the following beliefs and practices related to teacher collaboration time:

- Weekly PLC early release days have been re-established beginning in 2014-15.
- PLC weekly minimum days are 60 minutes in duration and are designed with the intent of providing time during the school day for grade levels to collaborate and implement the CCSS and 21<sup>st</sup> Century skills.
- All teachers, general and special education, will participate in weekly PLC meetings.

- Early and late start kindergartners remain on daily schedule at sites with no lunch built into the day. Schools with lunch built into the kindergarten day will add 2 minutes to the late start students' daily schedule and release 60 minutes early with the remainder of the school.
- All teachers are required to receive a 30 minute uninterrupted lunch time on early release days including kindergarten teachers. Kindergarten teachers without lunch built into their school day will be provided coverage at dismissal.
- Two early release days per month will be documented through team agendas. These agendas will be determined by grade-level teachers and only provided to the site administrator for informational purposes prior to each meeting.
- Sign in sheets will be submitted to the site administrator after each meeting. Meeting minutes or additional written documentation is not required.
- One PLC meeting per month will be at the discretion of the site administrator. Site administrators will set agendas for these designated meetings. These agendas will be provided to teachers for informational purposes prior to the meeting. At the conclusion of the meeting, APLE will be provided time to meet.
- One early release day per month will be dedicated for structured teacher planning time. This date will be identified by the district and will be for the purpose of teacher planning. This planning may be done in teams or individually. It is the discretion of the teacher as to the structure of this day; however the planning time must be done at a **district school site**.
- PLC time is a valuable part of the educational fabric of a school. Teachers should not be called away from collaboration time for other purposes (including but not limited to IEP's), except in extenuating circumstances.
- Site administrators are encouraged to attend and may participate in PLC collaborations.
- Additional staff meetings may be convened to address emergency and/or compelling circumstances.
- In months with less than 4 Wednesdays, sites will always include a structured individual teacher planning time and a site administrator staff meeting/staff development.

#### Clarification of Elementary PLC Procedures and Protocols Elementary Monthly Early Release Reinstatement Agreement May 2014

Professional Learning Communities (PLC) have been an integral part of the teaching and learning environment in PYLUSD for the past eight years. Teachers work collaboratively to create common assessments, analyze results, adjust instructional practices, share best practice, participate in staff development and prepare to implement Common Core State Standards. A commitment to release time for teacher collaboration continues to be a valuable component of professional development.

# In the 2007-2008 school year, PYLUSD and APLE jointly agreed on the importance and structure of PLCs. The purpose of this memo is to further clarify the goals and vision of our Professional Learning Communities as we shift to a new model.

The critical question in a PLC is not *do we collaborate*? but rather, *What do we collaborate about*? Effective PLCs are structures in which teachers collaborate to do the real work of education. As we begin the implementation of the CCSS and 21<sup>st</sup> century learning, this collaboration could include:

- **Thinking together** about student tasks the work we are asking kids to do and the implications for learning.
- **Exploring** the standards, and how they relate to the current curriculum and instructional strategies.
- **Studying** new summative assessments to understand what kinds of work our students need to be doing.
- **Identifying**, trying out, and refining an expanded repertoire of instructional strategies that bring greater rigor and variety to teaching and learning.
- **Designing** or re-designing curriculum units to better align with the CCSS, respond to intervention, and differentiate according to student need.
- **Reviewing** current and/or new formative assessments to understand how they do or don't align with the new standards.
- **Creating** clarity around the definitions of the 4 Cs and how they apply to classroom strategies in support of the different content areas.
- **Sharing ideas** about how to leverage technology and 21<sup>st</sup> century tools in the classroom.

Embedded in each PLC meeting are the basic questions: What is it we want all students to learn? How will we know when they know it? How will we respond when they don't learn or already know it?

The District and APLE believe in the power of teacher collaboration. <u>To that end, monthly</u> <u>elementary PLC time is being reinstated within their school day according to previous PLC</u> <u>monthly schedule.</u> As a result, we agree to the following beliefs and practices related to teacher collaboration time:

- Two PE release periods a month will be dedicated to grade level collaboration
  - Kindergarten designates two after school release times per month
  - Moderate/Severe Special Education designates two times per month using instructional aides
  - Agendas **will be created** by teachers at each grade level and submitted to the site administrator prior to the meeting
  - Sign in sheets will be submitted to the site administrator after each meeting with identified agenda items for the next session (Meeting minutes or additional written documentation is not required)
  - Site administrators are encouraged to attend and may participate in PLC collaborations

- One 60 minute monthly early release Wednesday
  - Monthly collaboration may include, but is not limited to, school-wide staff development, preparing for Common Core State Standards, additional grade level PLC time, program evaluation, etc.
- One staff meeting per month (60 minutes, not to exceed 90 minutes per meeting)
  - Staff meetings conducted during the student school year shall not exceed nine (9) meetings per year (additional meetings may be called to address emergencies/compelling circumstances)

Teachers will be provided 270 minutes of release time every two weeks in the following way:

Grades 1 <sup>st</sup> -4 <sup>th</sup>	Grades 5 <sup>th</sup> -6th	Kindergarten
<ul> <li>PE (180 minutes),</li> </ul>	<ul> <li>PE (180 minutes)</li> </ul>	<ul> <li>30 minutes end of teaching day</li> </ul>

\*This equates to 60 minutes per month over the contractual minimum

- Make up for release time will **only** be required if release time falls below the contractual agreement of 240 minutes in a two week period which has been caused by the closing of a lab or library, inability to provide music or PE. Holidays and non-student days will not be counted as missed release time.
- Schools with the QEIA grant may require additional meetings over and beyond district requirement. However, these meetings will be held during the work day whenever possible.

## The District and APLE believe in the power of teacher collaboration. To that end, time has been set aside for teachers to work together within their school day. As a result, we agree to the following beliefs and practices related to teacher collaboration time:

- PLC rotation schedules will be collaboratively designed by department chairs and site administrators and then presented to the staff for consensus at/or prior to the fiirst administrative PLC meeting of the school year. WASC meetings may be included as part of the rotation schedule. The rotation schedule should include:
  - One PLC meeting per month will be at the discretion of the site administrator. Site administrators will set agendas for these designated meetings. These agendas will be provided to teachers for informational purposes prior to the meeting. At the conclusion of the meeting, APLE will be provided time to meet.

- One late start/early release day per month will be dedicated to structured individual teacher professional development time. This professional development time may be done in teams or as individuals. The Unit Member maintains the right to individually select their professional development activity. Unit members are expected to be on site (unless prior approval has been given to attend a meeting at an alternate District sponsored event) Unit Members will notify the Department Chair via email of their professional development activity and location prior to each professional development day, The Department Chair will forward this information to the designated site administrator.
- Two late start/early release days per month will be documented through department agendas. These agendas will be determined by departments/team/home group/grade/focus group as determined by the rotation schedule and only provided to the site administrator for informational purposes prior to each meeting.
- Sign in sheets will be submitted to the site administrator after each meeting. Meeting minutes or additional written documentation is not required.

- Additional staff meetings may only be convened to address emergency and/or compelling circumstances.
- Unit members are expected to be on site (unless prior approval has been given to attend a meeting at an alternate District sponsored event), on time and engaged in the process.
- In months with less than 4 PLC/planning days sites will always include a individual teacher professional development and a site administrator staff meeting/staff development.
