## **SUPERINTENDENT'S REPORT**

Superintendent Greg Plutko commented that we are full speed ahead with school, and you can feel energy. He thanked all staff members who prepared so well to welcome back our students and families. It was a seamless transition.

Deputy Superintendent Candy Plahy gave a brief presentation on the First Day of School.

Dr. Plutko shared that the State Board of Education passed the newest level of School Accountability system which we have been waiting for. We have transitioned to a system of multiple measures and the state is still in the process of figuring out what that may be. The progress the state made last week is more about what they feel should be measured. They have not yet been able to answer how those numbers will be collected, calculated, and represented. It is still a work in process and possibly in January we should have more definition.

Director of Secondary Education Cary Johnson commented on the internship program we had with JPL as it relates to our College and Career Readiness pathways.

**IMMUNIZATIONS**

In recognition of the fact that prevention is a means of combating the spread of disease, it shall be the policy of the Board of Education to require that all students be immunized against certain diseases in order to safeguard the community. Immunizations shall be in accordance with state statutes unless specifically exempted by law.

All students under the age of 18 entering the schools of the Placentia-Yorba Linda Unified School District must present an immunization record from any authorized private or public health care provider certifying that the student has been immunized against diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, varicella, Haemophilus influenzae type b (Pre-school only), Hepatitis B (Transitional K/Kindergarten only), and any other disease designated by the California Department of Public Health.

The board shall excuse from immunization requirements a student whose parent presents written documentation from a physician that the student is medically exempt. Any personal belief exemptions filed at a school prior to January 2016 will remain valid until the student enrolls in the next grade span at either Transitional Kindergarten/Kindergarten, or 7<sup>th</sup> grade.

The Superintendent or designee shall immediately enroll homeless students, foster youth, and students of military families even if their immunization records are missing or unavailable at the time of enrollment. School or district staff shall work with the student's prior school to obtain the student's immunization records or shall ensure that he/she is properly immunized.

The exemptions to the immunization requirements will be authorized with the understanding that if there is an outbreak of any communicable disease that falls under the immunization requirements the student may be excluded from school for a period of time to be determined by the superintendent or his designee in consultation with the Orange County Health Care Agency until the possibility of communicability has passed.

**RESOLUTION NO. 12**

**Week of the School Administrator**

**WHEREAS** Leadership Matters for California’s public education system and the more than 6 million students it serves;

**WHEREAS**, School administrators are passionate, lifelong learners who believe in the value of quality public education, and

**WHEREAS**, The title “school administrator” is a broad term used to define many education leadership posts. Superintendents, assistant superintendents, principals, assistant principals, special education and adult education leaders, curriculum and assessment leaders, school business officials, classified educational leaders, and other school district employees are considered administrators; and

**WHEREAS**, providing quality service for student success is paramount for the profession; and

**WHEREAS**, Most school administrators began their careers as teachers. The average administrator has served in public education for more than a decade. Most of California’s superintendents have served in education for more than 20 years. Such experience is beneficial in their work to effectively and efficiently lead public education and improve student achievement; and

**WHEREAS**, Public schools operate with lean management systems. Across the nation, public schools employ fewer managers and supervisors than most public and private sector industries including transportation, food service, manufacturing, utilities, construction, publishing and public administration; and

**WHEREAS**, School leaders depend on a network of support from school communities – fellow administrators, teachers, parents, students, businesses, community members, board trustees, colleges and universities, community and faith-based organizations, elected officials and district and county staff and resources – to promote ongoing student achievement and school success; and

**WHEREAS**, Research shows great schools are led by great principals, and great districts are led by great superintendents. These site leaders are supported by extensive administrative networks throughout the state; and

**WHEREAS**, The State of California has declared the second full week of October as the “Week of the School Administrator” in Education Code 44015.1; and

**WHEREAS**, The future of California’s public education system depends upon the quality of its leadership;

**NOW, THEREFORE, BE IT RESOLVED**, by the Placentia-Yorba Linda Unified School District that all school leaders be commended for the contributions they make to successful student achievement.

**RESOLUTION NO. 13  
OF THE BOARD OF EDUCATION OF THE  
PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT**

On motion of Member of Carrie Buck, duly seconded and carried, the following Resolution was adopted.

**WHEREAS**, the District no longer has the financial ability or resources to provide all services which it is currently providing due to the elimination of School Readiness funding for district programs;

**WHEREAS**, in order to maintain a balanced budget and provide for essential services, the District must eliminate programs and/or services in the 2016-17 fiscal year;

**WHEREAS**, it will be necessary to reduce or eliminate services now being rendered by classified employees for the 2016-17 school fiscal year set forth in Exhibit A attached hereto and incorporated herein by this reference:

**WHEREAS**, the reduction or elimination of said services may result in the reassignment and/or lay-off of classified employees.

**WHEREAS**, the reduction or elimination of said services may result in the lack of work or expiration of a specially funded program.

**WHEREAS**, it is necessary for the Superintendent to give notice to employees who will be laid off as a result lack of funds or of elimination of services 60 days prior to the effective date of layoff.

**NOW, THEREFORE, BE IT RESOLVED** that the Superintendent or his designee is hereby directed to give written notice to employees pursuant to EC45117, EC45298 and ED45308 in accordance with any agreement between the district and the association.

**BE IT FURTHER RESOLVED** that the Notice of Layoff be given in accordance with the appropriate provisions of the California Education Code and any agreement between the District and classified employees.

**BE IT FURTHER RESOLVED** that the Superintendent or his designee is authorized and directed to give notices to classified employees as is necessary to implement this resolution and as required by District Rules and Regulations and applicable provisions of the Education Code of the State of California.
