STUDENT BOARD REPORT

Student Board Representative Cole Smith provided a report of the activities and events occurring at the district's high schools.

SUPERINTENDENT'S REPORT

Superintendent Domene attended the FIRST Robotics competition at Valencia High School over spring break and mentioned that the Robotics program executives raved about the reception and support of Valencia High School.

Dr. Domene acknowledged Mrs. Candy Plahy, Assistant Superintendent of Educational Services, and her leadership team for their hard work on the Local Control and Accountability Plan (LCAP).

Dr. Domene shared that he attended the District Art Show, *Artworks*, at the Professional Development Academy and commended the participants for the amazing job on the showcased artwork.

Lastly, the Superintendent mentioned that Nancy Blade, Director of Personnel, and Melanie Carmona, Induction Coordinator, spoke at Cal State Fullerton to a wonderful group of 80 secondary teacher candidates. They were an amazing group of students and we told them all about our district and told them to look for openings.

- 3. Approved a purchasing limit of \$2,000,000 through the piggyback of Magnolia School District's Bid MSIT3 CT #3-07-70-2473C through December 31, 2016.

Action: Carried	Motion: Mrs. Carrie Buck
Ayes: 5	Second: Mr. Eric Padget
Noes: 0	

COMMUNICATIONS

None

BOARD REPORT

Trustee Eric Padget mentioned that he has been going up to Sacramento for CTE training all year and has appointments to talk with Representative Chang and Representative Huff's staff regarding some issues. If there is anything the Board members would like him to carry forth, he is glad to do so. Mr. Padget commented how appreciative he is for all of the AVID training to expand what we are doing with AVID across the district. He then spoke about SmartMusic to see if the district might be interested in looking into the program. SmartMusic software is an interactive music learning software that allows a student to go online, play the music, and it will rate them and give them instant feedback until they get it perfected.

Trustee Carrie Buck commented that she participated in the biometric screening that the district offered and really appreciated it. She attended Rose Drive's Open House, as she likes to see what the lower grades are doing, as well as the Esperanza and El Dorado Showcase nights. She also had the opportunity to visit the District Art Show at the PDA and mentioned that her favorite thing was cassette tape art. Lastly, Mrs. Bisgard asked her to be a parent representative for La Entrada's WASC accreditation, and she is proud to support the school.

Clerk Carol Downey attended the Principal of the Day Lunch as well as Yorba Linda High School's Distinguished Scholars night. She is amazed at all that the young people in our district achieve.

Vice President Karin Freeman shared that the North Orange County Regional Occupational Center selected a wonderful new superintendent, Terry Giamarino. She was unable to attend the District Art Show Reception because she had a meeting with the Orange County Committee on School District Organization on redistricting. Mrs. Freeman attended Linda Vista's Open House and also enjoyed the FIRST Robotics at Valencia High School. She was quite surprised at how fascinating the competitions were and likened them to a sport. In addition, she attended the CSBA Roadshow which covered topics on LCAP funding and the Governor's budget.

President Judi Carmona had the opportunity to attend the Esperanza Art Show as well as the District Art Show Reception. Additionally, she visited the robotics competition at VHS and enjoyed the creativity of the students who built the robots and operated them. She helped celebrate the Kraemer Science Olympiad winners at Cal Tech, went to a music assembly at Fairmont Elementary and also attended Distinguished Scholars Night at Yorba Linda High School. Finally, Mrs. Carmona asked if the Board could be provided a copy of the end-of-the-year events that they signed up for.

ADJOURNMENT

Time: 9:05 p.m.

Mrs. Judi Carmona, President, adjourned the April 12, 2016 meeting of the Board of Education in memory of Jennifer O'Rourke, teacher at Van Buren, at 9:05 p.m.

Action: Carried
Ayes: 5
Noes: 0

Motion: Mr. Eric Padget

RESOLUTION NO. 25

**A RESOLUTION OF THE BOARD OF EDUCATION
OF THE PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT
OF ORANGE COUNTY, CALIFORNIA**

WHEREAS, pursuant to Education Code Section 35120 (c), a school district Board of Education member may be paid for any meeting when absent if the Board by resolution duly adopted and included in its minutes finds that at the time of the meeting he or she is performing services outside the meeting for the school district or districts, he or she was ill or on jury duty, or the absence was due to a hardship or circumstance deemed acceptable by the Board; and

WHEREAS, Eric Padget, a member of the Board of Education of the Placentia-Yorba Linda Unified School District, was absent from the Board of Education meeting on March 8, 2016 due to a hardship deemed acceptable by the Board.

NOW, THEREFORE, BE IT RESOLVED that Eric Padget, a member of the Board of Education of the Placentia-Yorba Linda Unified School District, shall be paid his normal salary for the Board of Education meeting held on March 8, 2016.

Adopted, signed, and approved the 12th day of April, 2016.

Judi Carmona
Judi Carmona
President
Board of Education
Placentia-Yorba Linda Unified School District

ATTEST:

Carol Downey
Carol Downey
Clerk

BOARD POLICYPlacentia-Yorba Linda Unified School District

Students

5111.1 BP

DISTRICT RESIDENCY

The Governing Board desires to admit all students who reside within district boundaries or who fulfill the district residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance.

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a district school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record.

When establishing a student's residency for enrollment purposes, the Superintendent or designee shall not inquire into a student's citizenship or immigration status.

A student's enrollment may be denied when the submitted documentation is insufficient to establish district residency.

Nothing in this section shall be construed as limiting access to pupil enrollment in a school district as otherwise provided by federal and state statutes and regulations. This includes immediate enrollment and attendance guaranteed to a homeless child or youth, including an unaccompanied youth, without any proof of residency or other documentation. An unaccompanied youth can complete a residency verification affidavit form on behalf of him/herself.

Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. The Superintendent or designee may assign a district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district.

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view.

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation.

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination.

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled.

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the district may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

The district may enroll a nonresident student living in an adjoining state or foreign country.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class. Participating students must be currently enrolled high school students and may only participate in classes offered outside of the scheduled school day.

RESOLUTION NO. 26**RESOLUTION OF THE GOVERNING BOARD OF THE PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT TO APPROVE SCHOOL FEE JUSTIFICATION STUDIES AND ADOPT STATUTORY SCHOOL FEES IMPOSED ON RESIDENTIAL AND COMMERCIAL/INDUSTRIAL DEVELOPMENT PROJECTS PURSUANT TO EDUCATION CODE SECTION 17620 AND GOVERNMENT CODE SECTION 65595 ET SEQ. (LEVEL 1 FEES)**

WHEREAS, the Governing Board (“Board”) of the Placentia-Yorba Linda Unified School District (“District”) provides for the educational needs for K-12 students within its boundaries; and

WHEREAS, the Board of the District has previously adopted and imposed statutory school fees (“Statutory School Fees”) pursuant to Education Code Sections 17620, et seq. and Government Code Sections 65995, et seq. (“School Fee Legislation”) in the amounts of \$3.36 per square foot of assessable space of residential development in the District, and \$0.364 per square foot/Retail; \$0.54 per square foot/Office; \$0.493 per square foot/Research and Development; \$0.436 per square foot/Industrial/Warehouse/Manufacturing; \$0.449 per square foot/Hospital; and \$0.184 per square foot/Hotel/Motel of chargeable covered and enclosed space for all categories of new commercial/industrial development in the District for the purpose of funding construction and reconstruction of school facilities; and

WHEREAS, The State Allocation Board has taken action pursuant to Government Code Section 65995(b)(3), which authorizes school districts to increase statutory school fees to \$3.48 per square foot of assessable space of residential development in the District, and \$0.455 per square foot/Retail; \$0.56 per square foot/Office; \$0.56 per square foot/Research and Development; \$0.539 per square foot/Industrial/Warehouse/Manufacturing; \$0.551 per square foot/Hospital; and \$0.227 per square foot/Hotel/Motel of chargeable covered and enclosed space for all categories of new commercial/industrial development, as long as such increases are properly justified by the District pursuant to law; and

WHEREAS, residential and commercial/industrial development continue to generate additional students for the District’s schools and the District is required to provide school facilities (“School Facilities”) to accommodate those students; and

WHEREAS, overcrowded schools within the District have an impact on the District’s ability to provide an adequate quality education and negatively impacts the educational opportunities for the District’s students; and

WHEREAS, the District does not have sufficient funds available for the construction or reconstruction of the School Facilities to accommodate students generated from residential or commercial/industrial development; and

WHEREAS, the Board of the District has received and considered reports entitled, “Residential Development School Fee Justification Study,” dated March 25, 2016, and “Commercial/Industrial Development School Fee Justification Study,” dated March 25, 2016 each prepared for the District by consulting firm Dolinka Group, Inc. in accordance with Education Code Section 17620 and Government Code Sections 665995, et seq. (“Reports”), which Reports, collectively, include information, documentation, and analysis of the School Facilities needs of the District, including (a) the purpose of the Statutory School Fees; (b) the use to which the Statutory School Fees are to be put; (c) the nexus (roughly proportional and reasonable relationship) between residential and commercial/industrial development and the following: (1) the use for Statutory School Fees; (2) the need for School Facilities; (3) the cost of School Facilities and the amount of Statutory School Fees from residential and

commercial/industrial development; (d) a determination of the impact of the increased number of employees anticipated to result from the commercial/industrial development (by category) upon the cost of providing School Facilities within the District; (e) an evaluation and projection of the number of students that will be generated by residential development; (f) the new School Facilities that will be required to serve such students; and (g) the cost of such School Facilities; and

WHEREAS, said Reports pertaining to the Statutory School Fees and to the capital facilities needs of the District were made available to the public, as required by law, before the Board considered same at a regularly scheduled public meeting regarding the proposed increases in the Statutory School Fees; and

WHEREAS, all required notices of the proposed increases in the Statutory School Fees have been given; and

WHEREAS, a public hearing was held at a regularly scheduled meeting of the Board of the District relating to the proposed increases in the Statutory School Fees; and

WHEREAS, Education Code Section 17621 provides that the adoption, increase or imposition of any fee, charge, dedication, or other requirement, pursuant to Education Code Section 17620 shall not be subject to Division 13 (commencing with Section 21000) of the Public Resources Code.

NOW, THEREFORE, be it resolved by the Board of the Placentia-Yorba Linda Unified School District as follows:

1. That the above recitals are true and correct.
2. That the Board accepts and adopts the Reports.
3. That the Board finds that the purpose of the Statutory School Fees imposed upon residential development is to fund the construction and/or reconstruction of School Facilities as authorized pursuant to the School Fee Legislation which is required to serve the students generated by the residential development upon which the Statutory School Fees are imposed.
4. That the Board finds that the Statutory School Fees imposed on residential development will be used only to finance those School Facilities described in the Reports and related documents and that these School Facilities are required to serve the students generated by the residential development within the District; and that subject to any limitations set forth in the School Fee Legislation, the use of the Statutory School Fees will include construction or acquisition of School Facilities, remodeling existing School Facilities, the addition of technology, and acquiring and installing additional portable classrooms and related School Facilities, with the specific location of new schools, remodeling of existing School Facilities, and additional portables to be determined based on the residence of the students being generated by such residential development, as well as any required central administrative and support facilities, within the District plus any studies authorized pursuant to Education Code Section 17620(a)(5).
5. That the Board finds that there is a roughly proportional, reasonable relationship between the use of the Statutory School Fees and the residential development within the District because the Statutory School Fees imposed on residential development by this Resolution, will be used to fund School Facilities which will be used to serve the students generated by such residential development.

6. That the Board finds that there is a roughly proportional, reasonable relationship between the residential development upon which the Statutory School Fees are imposed, and the need for School Facilities in the District because new students will be generated from residential development within the District and the District does not have student capacity in the existing School Facilities to accommodate these students.

7. That the Board finds that the amount of the Statutory School Fees levied on residential development as set forth in this Resolution is roughly proportional and reasonably related to, and does not exceed the cost of, providing the School Facilities required to serve the students generated by such residential development within the District.

8. That the Board finds that the purpose of the Statutory School Fees imposed on new commercial/industrial development is to fund School Facilities required to serve the students generated by the new commercial/industrial development upon which the Statutory School Fees are imposed.

9. That the Board finds that the Statutory School Fees imposed on new commercial/industrial development (by category) will be used only to finance those School Facilities described in the Report and related documents and that subject to any limitations set forth in the School Fee Legislation,

these School Facilities are required to serve the students generated by such new commercial/industrial development; and that the use of the Statutory School Fees will include construction or acquisition of additional School Facilities, remodeling existing School Facilities, the addition of technology, and acquiring and installing additional portable classrooms and related facilities, with the specific location of new schools, remodeling of existing School Facilities, and additional portables to be determined based on the residence of the students being generated by such new commercial/industrial development, as well as any required central administrative and support facilities within the District plus any studies authorized pursuant to Education Code Section 17620(a)(5).

10. That the Board finds that there is a roughly proportional, reasonable relationship between the use of the Statutory School Fees and new commercial/industrial development by category within the District because the Statutory School Fees imposed on commercial/industrial development by this Resolution, will be used to fund School Facilities which will be used to serve the students generated by such new commercial/industrial development.

11. That the Board finds that there is a roughly proportional, reasonable relationship between the commercial/industrial development by category, upon which the Statutory School Fees are imposed, and the need for additional School Facilities in the District because new students will be generated from commercial/industrial development within the District and the District does not have student capacity in the existing School Facilities to accommodate these students.

12. That the Board finds that the amount of the Statutory School Fees levied on commercial/industrial development by category as set forth in this Resolution is roughly proportional and reasonably related to and does not exceed the cost of providing the School Facilities required to serve the students generated by such commercial/industrial development within the District.

13. That the Board finds that a separate account has been established for the deposit of Statutory School Fees imposed on residential and commercial/industrial development and that said account has at all times since been separately maintained, except for temporary investments, from other funds of the District.

14. That the Board finds that the funds of the account, described in Section 13, consisting of the proceeds of Statutory School Fees have been imposed for the purposes of constructing and reconstructing those School Facilities necessitated by new residential and commercial/industrial development, and thus, these funds may be expended for those purposes. The Statutory School Fees may also be expended by the District for the costs of performing any study or otherwise making the findings and determinations required under subdivisions (a), (b), and (d) of Section 66001 of the Government Code. In addition, the District may also retain, as appropriate, an amount not to exceed in any fiscal year, three percent (3%) of the fees collected in that fiscal year pursuant to Education Code Section 17620 for reimbursement of the administrative costs incurred by the District in collecting the Statutory School Fees.

15. That the Board hereby adopts the increased Statutory School Fees as a condition of approval for residential development projects and imposes the Statutory School Fees on such development projects in the following amounts:

- (a) \$3.48 per square foot of assessable space for residential construction as set forth in Education Code Section 17620(a)(1)(B)(C) and (D), including new residential construction; other residential construction; and manufactured homes and mobile homes as authorized under Education Code Section 17625, except for any construction described in Government Code Sections 65995.1 or 65996.2 (“Seniors and Migrant Worker Housing”).

16. That this Board hereby adopts the increased Statutory School Fees as a condition of approval of commercial/industrial development projects and levies the Statutory School Fees on such development projects in the following amounts per square foot of chargeable covered and enclosed space (as defined in the School Fee Legislation):

- (a) \$0.455 for Retail and Services, \$0.56 for Office, \$0.56 for Research and Development, \$0.539 Industrial/Warehouse/Manufacturing, \$0.551 Hospital, and \$.227 Hotel/Motel per square foot per square foot for commercial/industrial development.

17. That the proceeds of the Statutory School Fees increased and established pursuant to this Resolution shall continue to be deposited into that account identified in Section 13 of this Resolution, the proceeds of which shall be used exclusively for the purpose for which the Statutory School Fees are to be collected, including accomplishing any study, findings or determinations required by subdivisions (a), (b) and (d) of Section 66001 of the Government Code or retaining an amount not to exceed in any fiscal year, three percent (3%) of the fees collected in that fiscal year pursuant to Education Code Section 17620 for reimbursement of the administrative costs incurred by the District in collecting the Statutory School Fees or in financing the described Report or in defending the imposition of Statutory School Fees.

18. That the Superintendent, or his or her designee, is directed to cause a copy of this Resolution to be delivered to the building official of the cities within the District’s boundaries, the county and the Office of Statewide Health Planning and Development (“OSHDP”) along with a copy of the Reports or any other supporting documentation referenced herein and a map of the District clearly indicating the boundaries thereof, advising the cities, county and OSHDP that new residential and commercial/industrial development is subject to the Statutory School Fees increased and adopted pursuant to this Resolution and requesting that no building permit or approval for occupancy be issued by any of these entities for any residential development project, mobile home or manufactured home subject to the Statutory School Fees absent a certification from this District of compliance of such

project with the requirements of the Statutory School Fees, nor that any building permit be issued for any non-residential development absent a certification from this District of compliance with the requirements of the applicable Statutory School Fees.

19. That the Board hereby establishes a process that permits the party against whom the commercial/industrial Statutory School Fees are imposed, the opportunity for a hearing to appeal that imposition of Statutory School Fees for commercial/industrial development as required by Education Code Section 17621(e)(2). The appeal process is as follows:

- (a) Within ten (10) calendar days of being notified, in writing, (by personal delivery or deposit in the U.S. Mail) of the commercial/industrial Statutory School Fees to be imposed or paying the commercial/industrial Statutory School Fees, pursuant to Education Code Section 17620, a party shall file a written request for a hearing regarding the imposition of commercial/Industrial Statutory School Fees. The party shall state in the written request the grounds for opposing the imposition of commercial/industrial Statutory School Fees and said written request shall be served by personal delivery or certified or registered mail to the Superintendent of the District.
- (b) The possible grounds for that appeal include, but are not limited to, the inaccuracy of including the project within the category pursuant to which the commercial/industrial Statutory School Fees are to be imposed, or that the employee generation or pupil generation factors utilized under the applicable category are inaccurate as applied to the project.
- (c) Within ten (10) calendar days of receipt of the written request for a hearing regarding the imposition of commercial/industrial Statutory School Fees, the Superintendent of the District, or his or her designee, shall give notice in writing of the date, place and time of the hearing to the party appealing the imposition of commercial/industrial Statutory School Fees. The Superintendent, or his or her designee, shall schedule and conduct said hearing within thirty (30) calendar days of receipt of the written request. The Superintendent, or his or her designee, shall render a written decision within ten (10) days following the hearing on the party's appeal and serve it by certified or registered mail to the last known address of the party.
- (d) The party against whom the commercial/industrial Statutory School Fees are imposed may appeal the Superintendent's, or his or her designee's, decision to the Board of the District.
- (e) The party appealing the Superintendent's, or his or her designee's decision, shall state in the written appeal the grounds for opposing the imposition of the commercial/industrial Statutory School Fees and said written appeal shall be served by personal delivery or certified or registered mail to the Superintendent of the District.
- (f) The possible grounds for that appeal to the Board of the District include, but are not limited to, the inaccuracy of including the project within the category pursuant to which the commercial/industrial Statutory School Fees are to be imposed, or that the employee generation or pupil generation factors utilized under the applicable category are inaccurate as applied to the project.

- (g) Within ten (10) calendar days of receipt of the written request for a hearing regarding the imposition of commercial/industrial Statutory School Fees, the Superintendent of the District, or his or her designee, shall give notice in writing of the date, place and time of the hearing to the party appealing the imposition of commercial/industrial Statutory School Fees. The Board of the District shall schedule and conduct said hearing at the next regular meeting of the Board, provided that the party is given notice at least five (5) working days prior to the regular meeting of the Board. The Board shall render a written decision within ten (10) days following the hearing on the party’s appeal and serve the decision by certified or registered mail to the last known address of the party.
- (h) The party appealing the imposition of the commercial/industrial Statutory School Fees shall bear the burden of establishing that the commercial/industrial Statutory School Fees are improper.

20. That the Superintendent is authorized to cause a certificate of compliance to be issued for each development project, mobile home, manufactured home and commercial/industrial development for which there is compliance with the requirement for payment of the Statutory School Fees in the amount specified by this Resolution. In the event a certificate of compliance is issued for the payment of Statutory School Fees for a development project, mobile home, manufactured home or commercial/industrial development and it is later determined that the statement or other representation made by an authorized party concerning the development project as to square footage is untrue, then such certificate shall automatically terminate and the appropriate city, county or OSHPD shall be so notified.

21. That no statement or provision set forth in this Resolution, or referred to therein shall be construed to repeal any preexisting fee previously imposed by the District on any residential or nonresidential development. Notwithstanding the preceding, if the District adopts alternative school facilities fees for new residential construction pursuant to Government Code Sections 65995.5, 65995.6 and/or 65995.7 (“Alternative School Facilities Fees”), the District is hereby authorized to collect the Alternative School Facilities Fees in lieu of the Statutory School Fee with respect to new residential construction. If the Alternative School Facilities Fees should lapse or be terminated, then the Statutory School Fees shall be collected for new residential construction at the amount set forth in this Resolution.

22. That the increase in the District’s Statutory School Fees will become effective sixty (60) days from the date of this Resolution unless a separate resolution increasing the fees immediately on an urgency basis is adopted by the Board.

ADOPTED, SIGNED, AND APPROVED this 12th day of April, 2016.
